OFFICE OF THE REGISTRAR

June 24, 2026

Dear AUB Students and Professors,

Following our recent announcement, we are excited to share additional information about the upcoming launch of **AUB Nexus**, AUB's new digital platform powered by Ellucian Experience and designed to bring academic, student financials, and campus services together in one place.

Launching on **July 6, 2026**, AUB Nexus will serve as a personalized gateway for students, faculty, advisors, staff, and alumni**,** providing streamlined access to key services, information, and institutional resources through a modern, role-based interface. By bringing together information and services from multiple systems into a single dashboard, the platform offers a more connected and user-friendly experience, making it easier to access the resources and services most relevant to you.
As part of this transition, some services previously available under the **Helpful Links** section of the AUBsis webpage have been integrated into dedicated cards within AUB Nexus and will be accessible after logging in to the platform.

To help you get started, user guides and supporting documentation will be available on the **AUBsis webpage** by **June 30, 2026**:
https://www.aub.edu.lb/Pages/AUBSIS.aspx

Beginning July 6, the **AUBsis webpage** will be updated to direct users to AUB Nexus, making it the primary entry point for accessing AUB's digital services and resources.
AUB Nexus will continue to evolve through a phased rollout, with additional services and enhancements introduced over time.

Should you encounter any issues or require assistance, please contact the **IT Help Desk**.

We look forward to welcoming you to AUB Nexus and sharing more updates in the coming weeks.

Kind regards,

Office of the Registrar
